EUROPEAN POLICY CENTRE

Memorandum of Understanding

The EU Awareness Centre (EU transparency register: 704638597104-82), with address **Cotea D'anjou 10; 1150-Beussels** would like to become a member of the European Policy Centre (EPC).

The European Policy Centre is an independent, not-for-profit think tank dedicated to fostering European integration through analysis and debate, supporting and challenging European decision-makers at all levels to make informed decisions based on evidence and analysis, and providing a multi-stakeholder platform for engaging partners, stakeholders and citizens in EU policy-making and in the debate about the future of Europe. The EPC is committed to transparency, good governance, intellectual independence and ethical practices, including those laid out by the Accord within the Pro-Res Framework for Ethical Evidence (STEP ACCORD). The EPC expects all partner think tanks to be committed to these same principles.

The EPC has long promoted capacity and networking in transnational think tank work across Europe, and is now expanding its global reach. Consequently, no annual membership fee will be charged to **the EU Awareness Centre** for the annual membership, which is automatically renewed unless cancelled in writing. Both parties agree that the respect and application of the above-mentioned principles is the basis for their cooperation and work. It is also agreed that both partners will involve each other in their activities where possible and appropriate, including in respective networks.

As a member of the EPC, **the EU Awareness Centre** gets the following core benefits:

- Exclusive participation in high-level meetings enabling members to have intimate and frank round-table discussions with senior representatives from industry, the EU institutions, academia, EPC experts and beyond.
- Access to EPC's well-developed network of think tanks across the European Union and wider Europe, as well as a growing global network.
- Participation in closed-door stakeholder meetings/Task Forces.
- Option to collaborate in joint activities with the EPC (additional fee involved), such as events, publications, videos and podcasts.
- Free participation in Post-Summit Briefings and other EPC Updates, which take place on a regular basis (mostly bi-weekly).
- Access to Sixty Minute Briefings where key figures in government, industry and the EU institutions take the floor.
